## Recycling Facts

- Recycle your containers to ensure they can be recycled and turned into something new!
- Products made from recycled materials use less natural resources.
- By recycling, you are helping to make a positive impact!

On January 1st, 2024 the blue box transitioned to producer responsibility. The blue box program is now managed by Circular Materials – the administrator of the common collection system in Ontario. Emterra Environmental was hired to collect your recycling. You shouldn't notice any changes to your blue box collection.

## Blue Box: Paper & Plastic Bags

## Garbage

**Recycling is important!**

It conserves natural resources and keeps waste out of the landfill.

## Be Recycle Ready!

- For residents with curbside collection, please have your recycling roadside by 7:00 AM
- Sort recycling by containers and papers
- Keep recycling loose in blue boxes. Bagged recycling will not be collected. Use as many blue boxes as needed.
- Flatten all boxes and empty and rinse all containers. This includes your food and beverage cartons.
