

# PLANNING CAREER PATHWAYS TOOLKIT

## Determining if an occupation is in demand:

### WDB Labour Market Insights Report

Interactive monthly report of Peterborough, Northumberland, Kawartha Lakes, Haliburton and Muskoka:

- Displays job postings by location, skill level, job type, and duration.
- Displays top occupations, employers, sectors and job posting details by job board, company, NOC code, and more.

### WDB Labour Market Gateway

Occupational demand and sector demand projections for Peterborough, Northumberland, Kawartha Lakes & Haliburton.

## Determining required skills:

### WDB Eye on the Labour Market

Includes in-demand skills sought after by employers in the Northumberland, Peterborough, Kawartha Lakes, and Haliburton area.

### WDB Skills Demand Report

Generates an interactive customizable report that summarizes more than 29,000+ unique knowledge, skills and tools/technology (KST) terms found in job postings and highlights required occupational skills when referencing job postings.

## Additional resources available on the WDB Website:

### Career Ladders

Career Ladders are interactive web-based career pathway guides for multiple occupations within different in-demand sectors such as Agriculture, Construction, Food Service, Manufacturing and Retail. Each career level contains information about hourly wages, job descriptions, main job duties, examples of job titles, general skills, and links to educational courses or training opportunities.

### Labour Market Information 101

Features Labour Market Information (LMI) definitions & FAQs.

### Local Jobs Hub

View 45+ online job boards in one place, cross-reference job postings (full and part time) on a map with nearby employment services and training supports, transit routes, schools, healthcare services and more or view by listings!

### Labour Market Information (LMI) Help Desk

The LMI Help Desk is a free on-demand service that provides accurate local workforce data to gain a better understanding of trends, local occupations and wages, demographics, top industries in the region and more.

### Videos

The videos provide a behind the scenes look at real work environments in construction, manufacturing, healthcare, tourism, and agriculture.

### Apprenticeship Opportunities

Learn more about the Pre-Apprenticeship Program and the Ontario Youth Apprenticeship Program.
